

A large indoor rowing facility with a high wooden ceiling, skylights, and rows of rowing machines. The room is filled with rowing machines, and a person is visible in the distance. The ceiling features several banners celebrating the University of California's rowing achievements, including "National Champions 1976" and "1980".

CAL Rowing 2015-2016 Annual Report

Coach's Report

“The California Golden Bears are your 2016 National Champions!” As these words echoed over the finish line loudspeakers at Mercer Lake, I couldn't have been more proud of both our athletes and the Cal Crew Family. This was truly a historic season for our program in every metric from academics, to community service, to fundraising, and to racing results. Our team not only achieved our goals, we exceeded them!

As many of you know, this was Mike Fennelly's last season as our rigger and our athletes decided that this 2016 campaign would be dedicated to him. His initials were embedded in the racing jerseys of every athlete on our program. They were determined not to give up their shirts (probably because they didn't want to face Mike!) and raced with emotion, spirit, and tenacity against every opponent. The Freshmen 8+ and JV8+ started the season with wins at the San Diego Crew Classic, recorded wins against Wisconsin and Oregon State at the Pac-12 Challenge, beat Washington convincingly in the Dual, and won by big margins in the Big Row against Stanford. The *Rodney Friedman* (JV8+ racing Shell) and the *Shirley Friedman* (Freshmen 8+ racing Shell) had undefeated dual seasons and each won at the Pac-12 Championship!

**Head Coach,
Mike Teti**

After losing to Yale in San Diego, the Varsity 8+ rebounded at the Pac-12 Challenge beating both Wisconsin and Oregon State. The highlights of the dual season had to be the crew's epic performance against Washington. These two evenly matched crews raced side-by-side the whole way down the racecourse before our Varsity 8+ crossed the line first in a new course record of 5:27.3! In over thirty years of racing at

Redwood Shores, no crew has come within 2.5 seconds of that time! After the race, the Varsity 8+ presented all nine shirts to Mike Fennelly. This crew went on to win the Big Row against Stanford and rowed an almost flawless race at the Pac-12 Championship bringing the Varsity 8+ title back to Berkeley. At the IRA, the Varsity 8+ had the fastest time in the heat and semi-final. They went into the final as the underdog but made a big push in the second 500 to grab the lead and then controlled the race to win by nearly a length over Yale and open water back to Princeton and Washington. I was so proud of the race that our Varsity 8+ put forth in that grand final. The Freshmen 8+ performed well winning a silver medal, the JV8+ fought the whole way down the course to win bronze, our V4+ won the bronze, and our 3V8+ finished fifth.

This has been a very strong year for us academically with the Team G.P.A. being 3.0. Our overall G.P.A. has steadily been increasing in the last few years and all of the guys in the top boats have been leading the way. The cumulative G.P.A. of the nine members of the Varsity 8+ is 3.3 and the nine members of the JV8+ is 3.2. We had sixteen members of our team achieve Pac-12 conference academic honors and six winners of IRA All-Academic Honors.

With over sixty athletes on our squad, I can honestly say that every athlete contributed to our success this year. We were able to sweep (Freshmen 8+, JV8+, and Varsity 8+) the Dual and duplicate this result at the Pac-12 Championship winning the Team Title as well. Cal swept the Pac-12 annual awards winning Pac-12 Rower of the Year (Natan Wegrzycki-Szymczyk), Newcomer of the Year (Joachim Sutton), and Coach of the Year. In addition to these awards, we placed four of our Varsity 8+ athletes on the All-Conference Team. At the IRA, we were one of only two schools to put all five boats in the grand final and for only the second time in history, we were able to win the Ten Eyck Trophy (Team Championship). It was amazing to see our entire squad on the medal stand to accept this trophy. This is evidence of the depth we have throughout our squad and it is a promising sign for the future.

I am blessed to have, what I believe, is the best staff in the country. Scott is a multiple IRA Varsity Champion, Olympic medalist, and now a member of the Pac-12 All Century Team. He is not only an exceptional coach, but also a great role model for our student-athletes. Patrick's energy and expertise in recruiting has brought us perhaps our most talented class in years. Our volunteer assistants Jovan, Tom (The Pharaoh), and Cole have helped develop our fourth and fifth boat guys into varsity contenders.

Finally, Mike Fennelly is STILL simply the best in the business! Thank you Team!

The class of 2016 has been the core of our team for the past few years and has been instrumental in leading our team culture in the right direction both academically and athletically. They have set a high standard which has had such a positive effect on the younger classes. Thank you seniors, we miss you already!

Within five minutes of the Varsity 8+ winning the National Championship, I received eighty-one text messages from Cal Crew alumni; simply incredible! We are well aware that without your generosity we wouldn't exist. We are severely grateful to our alumni, parents, and friends for your support. On a personal note, it was great to share this victory with Gary Rogers at the course on his birthday! I especially enjoyed the ride back to Berkeley on his G-5! I would be remiss if I didn't mention our Friends of Cal Crew President, Andy Rogers. Thank you, Andy, for all your hard work and dedication on behalf of our program!

I hope you all have a great summer and we look forward to seeing you at the races in 2017. Go Bears, 2016 National Champions!

All the best,

Mike

2016 IRA Results

Coming into this year's IRA, the team's confidence was high after winning the Pac-12 Championship. However, the team knew nothing was certain and that in order to win a Varsity and Team Championship, it would take a top notch performance. Following Pac-12's they trained at Briones and the Estuary for two weeks. Following two weeks of great camp at home, it was off to Princeton. Princeton provides a renewed focus and heightened sense that the championship is just around the corner. Once there, they adjusted to the climate and time change nicely and got to do a few pieces together in marked lanes to gauge their renewed speed for IRA. Princeton is a great camp for the guys as they get to immerse themselves in rowing and focus solely on their IRA goals.

As the week goes on, the team moves to the race course. The transition happens usually the day before the heats take place. This Thursday was no different except Yale was ranked #1 coming in. After winning San Diego and Eastern Sprints, it was a deserved ranking and everyone knew that Yale would have a very fast crew. As all of the other crews prepared for the heats, the freshmen had to continue to train as their race was not until Sunday. With a dwindling freshmen field, it was only one race for the young Bears. To start the weekend, the Varsity had their first race on Friday. They got off to a good start and lead the heat wire to wire. Their rate was low but very aggressive. They rowed with confidence and knew it would set a tone for the rest of the crews

that raced that day. Friday was successful for the entire team. All the boats made the semi with the 3V going through the reps. Sometimes the reps give the crew more time to gel and this helped as they were the most changed crew from Pac-12's.

As Saturday kicked off, there were already fears of weather. Officials changed the schedule on Friday to shorten the day with the forecast of afternoon thunderstorms. While the storms never showed, the weather didn't slow down the Bears. In the semi-final, the Varsity lead from the start and held a similar rate as Friday with confidence and power. The JV also was getting healthy from some illness and looked to be prepared for Sunday. The 3V snuck into the grand final by one second and Cal had once again put all their crews in every grand final for the fifth year in a row.

The entire squad receiving the Ten Eyck Team Trophy

Sunday was a bit nerve-racking for the fans. The weather played a major role in the schedule. They drastically adjusted the race schedule and the times. You would think a crew from the West Coast would be phased by the early 5:00 a.m. wake up but these guys had one goal in mind: to win the national championship as an 8 and as a team. On the way to the start line, stroke man Natan said a few words to his teammates. As a sophomore he knows how few of these there are and it pumped up the crew. Led by seniors Niki, Morgan, and Julian, everyone was ready for a fight down the course.

The grand final race went off and the Bears took an early lead over the field and continued to pull ahead. They got a clean start and from 500 meters in, the Bears led the entire way down the course. They had lead every race all weekend and put an exclamation point on the regatta with a full length victory in the grand final. The win was special and put the team in a spot to win the team points trophy. After the JV won the bronze and the Freshman the silver, Cal clinched the Ten Eyck Team Trophy, making all forty-one athletes attending and the twenty at home National Champions! The rest of the squad performed well as the V4 won the bronze, and the 3V got fifth. This was the second time in Cal Crew history that the Bears won the team trophy.

2016 Henley Experience

Following the success at the PAC-12 and IRA, we made the decision to take a large group over to race at Henley. This group consisted of a Visitors' 4-, a Ladies' Plate 8+, and a Temple Cup 8+. In total, there were twenty-five Cal undergrad rowers/coxswains who raced at Henley for either Cal or their respective home countries.

Rather than fly straight into Henley as we have in the past, the two 8+s and the 4- flew over a few days early and trained out of Oxford. The Temple 8+ was hosted by the family of our stroke, Jack Gosden-Kaye (Thank you!) while the Ladies' Plate 8+ and Visitors' 4- stayed at my old college, St Edmund's Hall. Staying in the center of Oxford and training out of the Oxford University Boat Club's boathouse was a great experience for the entire group and hopefully inspired a few to think about post-grad work at Oxbridge and rowing in the Boat Race.

Coach Scott Frandsen

Racing started on Wednesday for the Temple 8+ against a fiery Oxford Brookes B crew; having the first race to settle the nerves and get used to the different landmarks was important for the young crew. They progressed well through the week with a solid race against Drexel on Thursday and then an impressive race against Imperial College London on Friday. They met a very fast Harvard JV on Saturday and despite racing well, they were just over-matched on the day.

The Ladies' Plate had unusually few entries this year so rather than have a race or two to get into the regatta and build momentum, we jumped straight to a semi-final on Saturday against the top British club, Leander. They are also the club that we beat in the final of the Ladies' back in 2014 by a margin of three feet! The guys attacked the first half of the race well and in any other race this year, that quality of a first 750m would have had us ahead by $\frac{3}{4}$ of a length but against Leander we were down by a few seats. We dug in well and fought through the middle of the race but Leander was the better crew that day.

The Visitors' 4- had the steepest learning curve and the most variables to deal with and only one week to figure it out! Coming together for the first time in Oxford, we had to set a lineup and figure out how to steer straight in the five days before racing began. Joachim Sutton did a great job with the steering and got more comfortable with the 'toe' every day. They were able to advance through the Yale lightweights on Thursday, Cambridge on Friday, and a very strong Oxford Bookes / Proteus lineup on Saturday which featured Alex Partridge, a 2012 Olympic Bronze medalist. The guys did exactly what they were supposed to do in the final, steering a perfect course and getting into the best rhythm that they had found all week. They gradually inched out and were a length up with two strokes to go when disaster struck and they hit the booms only to see the Thames crew row past to win. While the result wasn't what they wanted, I'm proud of how they raced and how they conducted themselves in the wake of the crash. It was another great trip to Henley for our program.

None of this could have happened without the support of our alumni and parents. A huge, heartfelt thank you to everyone that contributed to the trip!

Go Bears!
Scott

Ladies' Plate 8+ and Visitors' 4-

Tribute to Mike Fennelly

“MPF” stands for Michael Paul Fennelly and are the initials the athletes wore all season to represent Mike and his Irish heritage.

The Varsity 8+ giving all of their Washington tanks to Mike after the Cal vs. Washington Dual

Left to right: Kyle Flagg, Alex Wallis, Julian Venonsky, Jordan Vanderstoep, Mike Fennelly, Martin Mackovic, Niki Van Sprang, Morgan Hellen, Natan Wegrzycki-Szymczy, Jochim Sutton

For the past thirty-six years, Mike Fennelly has been Cal Crew’s rigger and boatman. He is regarded as one of the finest boatmen in the entire sport of rowing. Mike has been responsible for keeping boats and equipment in tip top shape, maintaining the boathouse’s pristine condition, driving the boats across the country for regattas, and countless other roles that keep Cal Crew amongst the elite programs. He grew up in Alameda and attended St. Joseph’s High School where he first began rowing. From the fall of 1978 to the spring of 1979, Mike rowed for the Golden Bears. In the fall of 1979, Mike started working under legendary (then rigger) Matt Franich. In 1981, Mike was officially hired as Cal’s newest boatman. Since then, Mike has been an integral part of seven IRA Varsity National Championships and hundreds of other Cal Crew Victories. During his time at Cal, Mike worked along side seven different head coaches. In recent years, Mike was instrumental in overseeing the build of the Ky Ebright statue and its repairs, last year’s boathouse staining, and the building of a new dock. Mike will be missed greatly and we cannot thank him enough for his lifelong service and dedication to Cal Crew.

2016 Athletic Individual Honors

PAC-12 Athlete of the Year

Natan Wegrzycki-Szymczy • Sophomore, Poland

As a sophomore, Natan helped win the Washington Dual and stroked the Varsity to both a PAC-12 and IRA National Championship. At the 2015 World Championship, Natan earned himself an entry in the Rio Olympics and will compete in the Polish Men's Single Scull. In April of this year, Natan also competed at the World Cup I in Italy, finishing 5th in the world.

PAC-12 Newcomer of the Year

Joachim Sutton • Freshman, Denmark

In Joachim's first year with the Bears, he sat five seat of the Varsity that claimed wins at the Washington Dual, PAC-12 Championship, and the IRA National Championship. He also stroked the Henley Royal Visitors' four to a second place finish.

PAC-12 Coach of the Year, USRowing's IRA Coach of the Year

Mike Teti • Head Coach

This season Coach Teti claimed his second IRA Varsity National Championship Title in his time at Cal. Under his leadership the team also won the Ten Eyck Team Trophy, only the second time in Cal Crew history. He has been the head coach since 2009.

Fundraising Review

The 2016 season was a huge success for the The Friends of Cal Crew and your generous support continues to help us achieve national championships. This year we held many great events for the Cal Crew Community. Each year we aim to have opportunities for our alumni and friends to gather and remember their days of Cal Rowing.

Every fall we look forward to Cal football and head races by our athletes. We hosted three events to start off the year: our annual FOCC tailgate, our parents' dinner at the Canyon House, and the Head of the Charles dinner. Our parents' dinner helps introduce new and existing parents into the community that their athlete is a part of daily. Both the tailgate and the Head of the Charles dinner always shows a great turnout and is a perfect time for our alums to meet up and celebrate the start of the new rowing year. We were also able to give out tickets to two different football games this season. The fall was filled with a lot of fun for all of our alumni, families, and friends.

On the fundraising side, the Big Give proved to be a huge success again with \$30,000 worth of donations coming from our extended family and friends to propel us to the top team for giving over twenty-four hours. We capped off the fall with an outstanding Christmas card of the Bears winning on the Montlake Cut in 2015.

As the new year rolled in, the FOCC challenged itself to put on a bigger event and reach a wider audience. Over 200 people joined us at Cal Memorial Stadium for dinner and a presentation from author of *The Boys in the Boat*, Daniel James Brown. This event raised over \$120,000 in one night for the new Ky Ebright Scholarship and was the most successful fundraiser in our program's history. Brown was kind enough to speak at our annual fundraising event to help raise money for the Ky Ebright Scholarship. We have an endowment in Ky's name but to add a scholarship is truly a great honor for the FOCC. The student-athletes that receive these scholarship dollars are able to understand our history a bit more when they look back on our three great coaches, Jim Lemmon,

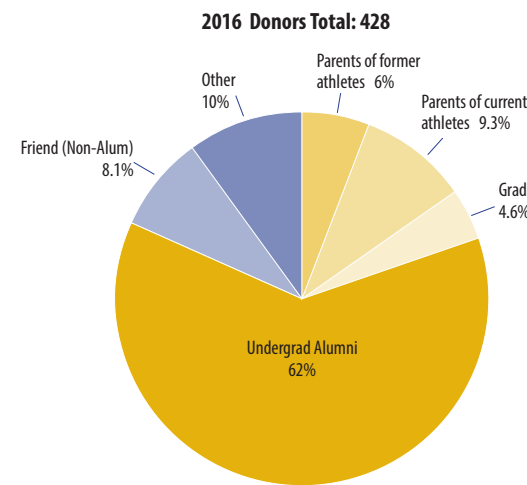

Steve Gladstone, and Ky Ebright. It was a pleasure for us to bring out some history from the archives of Cal Crew and put them on display. It was special to relive Cal's history during an Olympic year and look back at our three Olympic gold medals, more than any other college program. It was our largest attended event by the FOCC and helped raised \$120,000 for our scholarship athletes.

Our spring racing season brings many highlights on the water and opportunity for our community to cheer on the Bears together. We started the racing season with the annual tent at San Diego which was a big hit with Bears lining the beach. At the end of April, we held our first Washington Dual cocktail party which saw many local and young Bay area alums the night before the Bears swept the V, JV, and Frosh races. On the shores of Lake Natoma at Pac-12's, fans enjoyed our tent full of food, drinks, and fast racing that led to the first Pac-12 team title since 2009. We finished the year with our Cal Crew Community looking on from the Cal tent at Mercer Lake as well as online as the Bears captured their 17th National Championship!

The season's success off of the water showed as we set a new fundraising record of \$420,000 and for the second year in a row, achieved our goal to support the program. This back to back achievement has never been done and speaks volumes to our Cal community. Over 700 donation transactions and 400 contributions from the alumni and friends of our program helped us reach this goal. Because of you, Cal Crew remains a top team in the country and a driving program within Cal Athletics. We increased our

recurring giving by three fold and had help from the past parents giving almost \$10,000. We saw the Friedmans donate their third Empacher to the program with the newest one being the *Rodney Friendman* shell. We were able to purchase ergs and oars and a new van from the 2015 Dinner & Auction in daily use for the squad. The strength of our Cal Crew Family is thriving more than ever and we cannot thank everyone enough for setting new records, helping our student-athletes succeed, and for loving our program. Go Bears!
